01

MARKETING STRATEGY

Get a fully customised go-to-market strategy for branding and acquisition. Our 360 degree approach, includes a step by step strategy to be implemented over a certain time frame.

This includes strong brand building and acquisition campaigns. In our experience, it is observed that strong brands tend to have higher conversion rates and hence we focus on brand building to be an extremely necessary step.

We find the best performing paid and organic channels for your business goals and audience. Thus, scaling is the next stage of the strategy for higher revenues with balanced acquisition costs.

In summary, we conduct a detailed analysis and design branding and performance campaigns to grow, retain and scale revenue with the best ROI.

02

Website Design & Development

In this Digital era, a website is absolutely essential for any business to thrive. A business without a website could lose big opportunities, which would be captured by it's competitors.

Over 4.5 billion people are active internet users, comprising of 59% of the global population. With these stats in perspective, having a website and an online strategy to market your business is a no-brainer. Businesses with existing websites have started realizing the importance of sharp and excellent user experience for increased conversions and a high ROI.

We help businesses and professionals by creating custom-designed websites that enhance their branding and increase relevant website traffic, which directly leads to paying customers.

03

VIDEO MARKETING

Video engagement and shares are at the focal point of digital marketing. Video marketing is reported to build faster and more effective branding as well as a whopping 400% increase in conversions.

Unlike traditional television media, today's online platforms have sharp targeting options and and we reach the exact target audience, maximising ROI.”

We begin with the core strategy, followed by the best production practices. Having done this, we identify the best channels to reach your audience with massive increase in Brand Lift, Leads, Purchases and other conversion actions. To supplement this, our Corporate AV solutions would be a force-multiplier for your organization.

04

COMPETITOR ANALYSIS

In today's age of digital disruption, your competitors are constantly advancing their marketing technology. With smart and advanced technology, they are able to scale their revenues and hit all-time highs.

We identify your existing Branding, Marketing and Technology elements and compare it to that of your competitors. This analysis provides you with an in-depth insight on the GAP that needs to be filled to outperform.

Get a detailed comparative report with your choice of 3 closest competitors. We then make a recommendation report for your Brand Enhancement, Marketing and Technology.

05

LEAD GENERATION

With today's advancements across social, search and other web platforms, quality lead generation is imperative. Lead generation is the life and soul of both - B2C and B2B focused companies.

We have generated over 1,10,000 quality leads in less than two years across large B2C & B2B businesses. Our primary platforms for lead generation are Facebook, LinkedIn, Twitter, Google Search, Google Display, Native, Affiliate and Programmatic.

We test and scale the best channels for your business in paid and organic ways. A large part of our lead generation process is driven by Intent and Interest Marketing, which have a proven track record for higher ROI.

06

SEARCH ENGINE OPTIMIZATION

Search Engine Optimization (SEO) is the best digital asset that a business can possess. Your SEO activities bring your acquisition costs down, increase revenue and enhance ROI in the mid to long term.

The market is flooded with SEO service assuring traffic, however getting huge traffic without conversions is not a smart SEO. We focus on huge volume and high intent keywords to build upon entire SEO strategy. This ensures quality web traffic, which converts at a high rate.

Get a high-level SEO strategy tailored for your business along with a step by step execution calendar. You would achieve visible growth and conversions month on month with outstanding improvements in your key metrics.

07

SOCIAL MEDIA MARKETING

Most businesses, these days, are on Social Media. It is the Digital Oxygen for your business. These platforms not only accomplish marketing goals, it also provides quality customer support.

Your business needs to engage in different ways across these social platforms. Let it interact professionally on LinkedIn, on a lighter note on Facebook & Instagram and in a trendy manner on Twitter.

What you obtain as a by-product of these activities is the asset of a highly warm audience who have effectively engaged with you. Retargeting them is the best marketing strategy that we implement to get superlative conversions and a high ROI.

08

CONTENT MARKETING

While Digital Marketing is the means or a tool to achieve and propel your growth, Content Marketing is an entire pre-product. Content Marketing when done in a compelling manner and targeted to the right audience, generates enormous leads, drives conversions and uplifts brand value.

We strategize and execute your Content Marketing initiatives to reach your target audience and position your brand as a dominant force. Get valuable insights and blueprints on Blogs, Newsletters, Whitepapers, Lead Magnets, Email Content, Web Content, Creative Videos and Webinars.

Our core strength concentres on building content encompassing high intent keywords across a full funnel strategy. This ensures authoritative and trust based marketing in addition to regular conversions.
