Basil
Basil is arguably one of the favorites among herbs because it has so many uses. Everything from soups to sandwiches can be made simply better with the addition of its fresh and unique flavour. It also has been found to contain oils and flavonoids that protect the body from illness and infection.

Common Challenges And Solutions In Banana Tree

swipe

www.theplantdoctor.in

What is Doctor Green?

IFFCO Urban Gardens Doctor Green is a protective mixture of natural microbes to protect plants from foliar diseases and achieve lush and healthy growth.

www.theplantdoctor.in

Richest nutrient source for plant

Fish emulsion

Typically a by-product from fisheries, this provides an organic N-P-K ratio, tending to be higher in nitrogen than P or K.

www.theplantdoctor.in

What is Magic Soil?

Magic Soil is a soilless potting mix with plant nutrients and porous structure for water retention and aeration to achieve healthy plant growth.

www.theplantdoctor.in

What is Life pro?

Cut flower life extender with nutrients that maintains pH and controls microbes in vase water.

www.theplantdoctor.in

Time saving tips for gardening

Use ollas

They're terracotta vessels that you sink into the ground and keep topped up with water. Plant roots can draw water from them directly since terracotta is porous.

SECUREU

SQL INJECTION IN CYBER SECURITY

SQL injection is a type of cyber attack that exploits vulnerabilities in web applications to inject malicious SQL commands into a database. The attacker's goal is to gain unauthorized access to sensitive data or modify or delete data stored in the database.
